

Where inflation runs hot and cold

Year-over-year price change by major CPI component · latest July 2026 · all-items 3.0%

Notes: Year-over-year change in each of the 8 major components of the Canadian Consumer Price Index. Colour is centred on 2% (blue below, red above) - that is the midpoint of the Bank of Canada's target for ALL-ITEMS inflation, not a target for any individual component.
